TIME + EFFORT + ICK

Price the job, not the kid. A gross 10 minutes can out-earn an easy 20.

CONSISTENT BEATS GENEROUS

Steady rates they can count on beat big rates that change with your mood.

LET THEM NEGOTIATE

Post bonus jobs at a price and let kids claim them — initiative is the lesson.

Paper is the warm-up.

ON PAPER — you assign the chores, check them off, and do the math on Friday.

IN CHORE REPORT — rotations keep it fair, streaks track themselves, and cash-out waits for your tap.
