Every kid develops differently. Start where they can win, then level up — a chore done with pride beats a chore done under protest.

1. PICK 3–5
Start small — three to five chores per kid, not the whole list.

2. PRICE THEM
Use the Chore Bux Rate Guide to set a fair price for each one.

3. TRACK & PAY
Check them off on the Weekly Chore Chart — or let the app run it.

Paper is the warm-up.

ON PAPER — you assign the chores, check them off, and do the math on Friday.

IN CHORE REPORT — rotations keep it fair, streaks track themselves, and cash-out waits for your tap.
